ELECTRONIC MEDICAL RECORDS & GENOMICS

eMERGE at ASHG 2016

The [American Society of Human Genetics Meeting 2016](#) runs from October 18th – October 22nd

All times are in Vancouver local time

Wednesday October 19th 2016

Time	Location	Presenting Author	Abstract Number	Title	Type
1:00pm - 2:30pm	Room 17, East Building; Convention Centre	N/A	N/A	Sunquest Information Systems Exhibitor Education Event: An Overview of eMerge and It's Underlying IT Infrastructure	Ancillary & Exhibitor Events
2:00pm - 3:00pm	Exhibit Hall	C. Simonti	1075	Leveraging large-scale clinical biobanks to study recent human evolution.	Poster

Thursday October 20th 2016

Time	Location	Presenting Author	Abstract Number	Title	Type
2:00pm - 3:00pm	Exhibit Hall	M. Leduc	971	Assessing the clinical genomic load and outcome within the eMERGE III network.	Poster
3:00pm - 4:00pm	Exhibit Hall	D. Crosslin	1730	Linking 25,000 eMERGE participants with highly-accurate imputed HLA regions to electronic health records.	Poster
3:00pm - 4:00pm	Exhibit Hall	A. Gordon	1646	Targeted pharmacogenetic sequencing among 9,000 eMERGE participants with linked electronic health records.	Poster
3:00pm - 4:00pm	Exhibit Hall	M. A. Basford	1790	The eMERGE Network: Continuing the legacy of genomic discovery to enrich precision medicine.	Poster

Friday October 21st 2016

Time	Location	Presenting Author	Abstract Number	Title	Type
3:00pm - 4:00pm	Exhibit Hall	A.O. Basile	1626	Discovery and replication of rare variant associations using a knowledge-driven PheWAS approach in eMERGE and Geisinger Health System.	Poster
